

### SPONSORSHIP OPPORTUNITIES

#### **Comarch wishes to invite its business and technology partners to become sponsors of Comarch Technology Review Magazine**

Comarch Technology Review provides expert commentary and analysis on current trends shaping the telecommunications market, as well as insight on how to solve problems most commonly faced by telecom operators.

Thought leading expert opinions are an independent overview of each topic written up and reported on by experts on BSS and OSS. Also multiple vendors case studies are included in every topic overview. Readers can get valuable insights into issues currently discussed in the telecom industry from both an operators' and vendor's perspective.

Check out previous editions at <http://tr.comarch.com/>.
