

Reference letter

for CDN XL system integrated with Mobile Vendor application
delivered and deployed by ALPOL company - COMARCH's Gold Business
Partner

ELITA trade and service company with its seat in Nowy Sącz pursues activity in the sales of confectionery. With regard to dynamic growth of the company, it was decided to necessarily deploy an IT system which would streamline and coordinate the company's activity.

After thorough examination of technological solutions available on the market, FHU ELITA company decided to choose CDN XL software together with Mobile Vendor application. The system was delivered and implemented by ALPOL company. Its deployment was preceded with professional analysis of needs, which enabled adjusting CDN XL system to individual requirements of FHU ELITA.

Selected software modules (Logistics, Accounting, HR supported by Mobile Vendor application) enabled us to streamline sales activities as well as improve the effectiveness of management. Owing to intuitive system operation, CDN XL is fast and easy to use, which allows for increasing employees' performance. Easy access to necessary information and document associations are considerable facilitation. The application which deserves particular recommendation is Mobile Vendor which allows for comprehensive customer service when performing fieldwork while increasing FHU ELITA's competitiveness.

Cooperation with ALPOL company as of September 2010 has been very fruitful. Thanks to training conducted by ALPOL employees, the deployed software is used smoothly and effectively. The IT system maintenance agreement ensures secure and uninterrupted work as well as keeping constant level of expenditures. ALPOL company proved also support in raising funds for financing the software implementation by providing us with all necessary documents for obtaining leasing and funds from the Labor Office.

We recommend ALPOL company as a reliable business partner providing high-quality services.
