

**COMARCH**

**ALBANIAN STATE POLICE  
DELIVERY AND IMPLEMENTATION OF RMI SYSTEM**

## ALBANIAN STATE POLICE

Main goals of the project (10.2006 – 02.2008) were:

- Delivery of a fully operational, integrated Resource Management Information System based on Oracle E-Business Suite and composed of Human Resources, Finance and Budgeting, Logistics-Inventory-Warehouse management and Information Knowledge Inventory modules, including RDBMS and development tools; training of the ASP technical personnel to be able to support and maintain RMIS and all components required for its operation,
- Delivery of the Train-the-trainers training to ASP personnel and scheduling and follow up of end-user training,
- Provision of the warranty and support services.

During the project the following Oracle E-Business Suite modules were implemented:

- Financials modules (General Ledger, AR, AP, CM)
- E-Business Intelligence
- Demand planning
- Order Management
- Purchasing
- Sourcing
- Inventory Management
- Warehouse Management
- Enterprise Asset Management
- Human Resources Core
- HR Intelligence
- Self-Services Human Resources
- Time & Labor
- Learning Management

## ABOUT COMARCH

Comarch is a provider of complete IT solutions for telecoms. Since 1993 the company has helped CSPs on 4 continents optimize costs, increase business efficiency and transform BSS/OSS operations. Comarch solutions combine rich out-of-the-box functionalities with high configurability and are complemented with a wide range of services. The company's flexible approach to projects and a variety of deployment models help telecoms make networks smarter, improve customer experience and quickly launch digital services, such as cloud and M2M. This strategy has earned Comarch the trust and loyalty of its clients, including the world's leading CSPs: Vodafone, T-Mobile, Telefónica, E-Plus, KPN and MTS.
