

5 KEY ADVANTAGES

to modernizing the AP/AR process with Electronic Invoicing

Now more than ever, it is important to reduce unnecessary expenditures and become a leaner, more efficient organization. Transforming your AP/AR process with e-Invoicing is an important step in reaching this goal. Companies looking to reduce operating costs, optimize their cash management, and improve payment processing should consider moving away from a manual, paper-based invoicing procedure in favor of an automated, digital one.

1 REDUCED OPERATING EXPENSES

Reduce the cost of issuing invoices by **59%** and reduce the cost of receiving invoices by **64%**

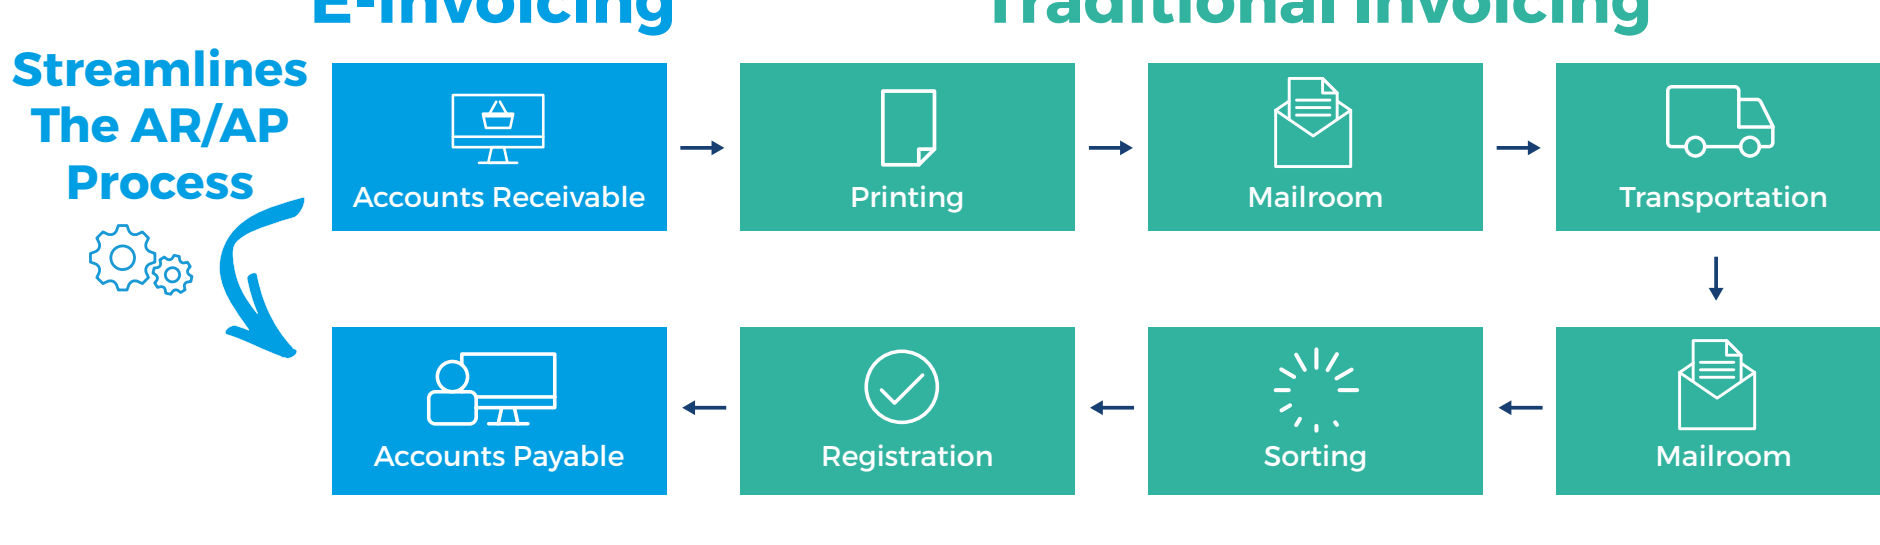

Total invoicing costs would reduce by **\$4-\$8 per invoice**

U.S. companies would **save \$45-\$150 billion annually** in AP/AR expenses with widespread adoption of e-Invoicing

2 STREAMLINED INVOICING PROCESS

3 OPTIMIZED CASH FLOW

e-Invoices = 92% on-time payment rate

Paper Invoices = 45% on-time payment rate

Faster Payment Time for Payor

- Avoid late payment penalties
- Capitalize on early payment discounts

Faster Payment Time for Payee

- Less time in AR
- Put money back into profit generating ventures more quickly

4 ENHANCED LOGISTICS

5 IMPROVED SUSTAINABILITY

Companies can utilize e-Invoicing to become more sustainable and reduce their **overall carbon footprint**

10 BILLION INVOICES

1 MILLION TREES

200 TONS OF PAPER

360 TONS OF GREENHOUSE GAS
